

East End Energy Fit - Help with Utility /Fuel Debts

The **East End Energy Fit Team** is a new project based at the Bromley By Bow Centre and Toynbee Hall. We are here to help any individual and families who have utility (gas and electricity) arrears to clear their debts off completely. We are funded by the British Gas Energy Trust and EDF energy trust.

Our friendly team can also help individuals and families to:

- Clear priority household debts: water, sewerage, council tax and rent
- Get money towards buying essential household items such as beds, cookers, washing machines, refrigerators.
- Get money to pay other bills and costs such as telephone debts, funeral payments, boiler repairs/replacement, debt relief order fee and bankruptcy deposit
- Provide home energy efficiency advice to save you those precious pounds

The weather is fast changing and temperature is dropping but don't let this cost you your whole wallet...we are here to help so do take advantage of this free service!

If you or someone you know is struggling to pay bills or would like some help in reducing bills contact the Energy Fit Teams at either:

Bromley by Bow Centre
